

PLAN APPROVAL AND CONSTRUCTION REQUIREMENTS

This document is an extract only and should be read in conjunction with the current La Roche Building Manual and Rules Governing Service Providers and Builders.

A. PLAN APPROVAL PROCESS & REQUIREMENTS

1. Information required when submitting building plans:
 - 1.1. Title block which must contain:
 - 1.1.1. Name of owner;
 - 1.1.2. Name of architect or professional technologist;
 - 1.1.3. Erf number;
 - 1.1.4. Title of plan (e.g. floor plans, elevations etc.);
 - 1.1.5. Date;
 - 1.1.6. Scale;
 - 1.1.7. North point.
 - 1.2. Site plan at scale 1:500 with:
 - 1.2.1. cadastral information (i.e. erf number, north point, boundaries, contours indicated at 1m or 0.5m intervals, building lines and setbacks, building areas, coverage etc.);
 - 1.2.2. erf numbers of adjoining properties;
 - 1.2.3. location of all structures on site;
 - 1.2.4. location of driveway or designated vehicle access;
 - 1.2.5. hard/soft landscaping where required;
 - 1.2.6. retaining structures;
 - 1.2.7. boundary walls and gates;
 - 1.2.8. building services.
 - 1.3. Detailed breakdown of construction areas must be tabulated indicating:
 - 1.3.1. building coverage;
 - 1.3.2. building area per floor;
 - 1.3.3. total area.
 - 1.3.4. Size of erf and building coverage expressed as a percentage of erf size.
 - 1.4. Height measured from:
 - 1.4.1. mean natural ground level to top of concrete (TOC)
 - 1.4.2. TOC to wall plate height.
 - 1.5. Plans to be included:

- 1.5.1. all floor plans;
 - 1.5.2. roof plan;
 - 1.5.3. all four elevations – the street elevation must be taken on the line of the kerb (edge of road) in order for the aesthetic committee to assess the height place of the house in relation to the road;
 - 1.5.4. minimum of 4 sections through the dwelling and the site at scale 1:100, two of which must be longitudinal and the other 2 perpendicular to the street. One of the sections must be through the worst-case scenario on the site. The section lines must be clearly indicated.
 - 1.5.5. elevations and sections through boundary walls, fences, gates and retaining structures at minimum scale of 1:100 and chimney, handrails, timber decks, boundary wall or fence details at a larger scale, 1:50 or 1:25.
 - 1.6. Bulk earthworks and cut and fill, including retaining walls, must be clearly indicated.
 - 1.7. A schedule with all external finishes and colour specification is to be provided and clearly indicated on the elevations as well.
 - 1.8. Complete door, window and shutter schedule showing dimensions, material description and colour at scale 1:50 or 1:100. Window and door positions to be cross-referenced on building plan and elevation.
2. Printed plans required for aesthetic evaluation to be submitted to the home owners' association:
 - 2.1. First submission
 - 2.1.1. 1 (One) set of colour plans with the information as required in Item 1 hereof;
 - 2.2. On approval by control architect a total of 8 (eight) colour final plans will be required:**
 - 2.2.1. 6 sets of plans are required to be stamped "APPROVED" for municipal submission;**
 - 2.2.2. 1 set of plans are required for control architect records; and**
 - 2.2.3. 1 set of plans for HOA records;**
 - 2.3. Size of hard copy drawings should be A1, A2 and A3 format and are to be folded to A4 size with the title block facing up.
3. Fees payable to the Control Architect as reflected in Annexure A hereof are payable into the Home Owners' Association bank account before it will be submitted to the control architect for consideration.
 4. Plans are only to be submitted to and collected from the managing agent.
 5. Plan reviews are scheduled weekly on Wednesday.
 - 5.1. Plans will be submitted by the managing agent to the control architect every Friday.
 - 5.2. Feedback from the control architect will be within 10 working days from the Wednesday following the Friday of submission to the managing agent.
 6. No plans will be released before full payment of the relevant fees.
 7. A letter of consent from the HOA for the building plans will be supplied to the owner for submission purposes. Plans cannot be submitted without this letter.

IMPORTANT NOTICE

SUBMITTED PLANS DRAFTED WITH DISREGARD FOR THE ARCHITECTURAL GUIDELINES AND / OR NOT CONTAINING ALL THE REQUIRED INFORMATION WILL NOT BE CONSIDERED BY THE CONTROL ARCHITECT.

NO PRE-SCRUTINY IS ALLOWED

IT IS THE RESPONSIBILITY OF THE OWNER AND HIS / HER CONTRACTOR TO MAKE SURE THAT THE BUILDING IS SET OUT ACCORDING TO THE CORRECT LEVELS BY THE START OF THE CONSTRUCTION PROCESS. THIS NEEDS TO BE CERTIFIED BY A LAND SURVEYOR.

B. CONSTRUCTION PROCESS AND REQUIREMENTS

1. Before construction starts the following fees, as reflected in Annexure A, are due by the owner of the erf;
 - 1.1. Building deposit, refundable when construction work is deemed to be completed by the HOA but not before municipal occupation certificate is issued and on condition that all fees or damages due to the HOA for the building process is paid in full;
 - 1.2. Cost of plan submission and building administration fee;
 - 1.3. Cost of builder information board;
 - 1.4. Cost of water meter and installation;
 - 1.5. Cost of building project manager;

2. Hired bins or skip for the removal of rubble and building rubble:
 - 2.1. are not to be placed on site more than 7 (seven) days before construction starts subject to completion of the following:
 - 2.1.1. Plan approval by the municipality;
 - 2.1.2. Water meter installation;
 - 2.1.3. Erection of builders board;
 - 2.1.4. Payment of deposit and fees.
 - 2.2. If placed on an adjacent erf written approval must be obtained from the owner of the erf and the HOA advised accordingly with proof of consent from other owner.

3. Inspections
 - 3.1. Periodic inspections of construction by the building project manager on behalf of the HOA are to:
 - 3.1.1. ensure construction is in line with approved building plans;
 - 3.1.2. ensure construction process and related actions are according to the rules and regulations of the HOA
 - 3.1.3. identify possible deviations from the approved plans.
 - 3.2. Inspections are on behalf of the HOA and not in any way an exemption of the owners' responsibility to ensure construction is completed as per the approved plans. The HOA, its trustees, employees or agents do not take responsibility and cannot be held liable for any losses or cost incurred as a result of incorrect construction identified during or after the construction process.

4. Occupation Certificate
 - 4.1. On completion the owner must request, in writing, from the HOA a letter of consent for the municipality to issue an Occupation Certificate.
 - 4.2. On receipt of request in 4.1 above the HOA will do a final inspection to ensure compliance in terms of the aesthetic guidelines and thereafter issue consent letter to the municipality.

5. Deposit Refund
 - 5.1. The deposit will be held in the trust account of the managing agent;
 - 5.2. The deposit plus interest less any admin fees payable will be refunded on receipt of written request from the owner subject to the following:
 - 5.2.1. All construction work is completed as per the approved plans;

- 5.2.2. Any damages to the common property by the owners' building contractor or sub-contractor is repaired and/or provision is made for the repair thereof to the satisfaction of the HOA;
- 5.2.3. All fees and penalties required in terms of this document and terms of the rules governing construction work is paid or provision is made for the deduction thereof.
- 5.2.4. Written confirmation of the bank account the money must be paid is received.
